Summary

Product Design Manager with 8+ years of experience in Product Design, UX/UI, and DesignOps across InsurTech, Healthcare, and E-commerce. Integrates AI-enabled workflows and data-driven design to improve product delivery and align design with business KPIs. Experienced in scaling design teams and product ecosystems serving 10M+ users, with expertise in design strategy, design systems, UX research, experimentation, accessibility, and cross-functional leadership.

Professional Experience

Qatar Insurance Company (QIC)

Product Design Manager
Apr 2023 – Present | Doha, Qatar (Remote)

- **Built and scaled the product design function from 1 to 6 designers,** establishing a centralized team, unified design practice and career framework that supported promotions for 4 designers.
- **Reduced design delivery lead time by 50% (4 → 2 weeks)** for major initiatives through standardized DesignOps workflows and Definition of Ready.
- **Established AI-enabled design workflows** for coded prototyping, UX research synthesis, UI exploration, and documentation automation.
- **Led UX strategy** for the insurance app's digital ecosystem transformation; each new vertical **reached 30%+ engaged penetration** among newly registered users within 3 months of launch.
- **Directed portfolio-level design planning across 6 business streams,** managing team capacity, resource allocation, and priorities.
- **Introduced KPI-driven design,** piloting it in one business stream and initiating a phased rollout across others.
- **Rebuilt the mobile Design System** from the ground up, accelerating design delivery and **new product launches** while improving UI consistency across 5+ cross-functional teams.

Senior Product Designer
Nov 2022 – Apr 2023 | Doha, Qatar (Remote)

- **Increased registration conversion by 11%** through onboarding redesign.
- **Enabled the launch of 4+ products** by evolving a single-purpose app into a multi-product platform.
- **Launched 4 B2C service flows**, contributing to a 14% increase in mobile user engagement.
- Ran 10 A/B tests, informing UX improvements that **increased user activation by 4%.**

SberHealth (СберЗдоровье)

Product Designer
2022 | Moscow, Russia

- **Achieved 90% Design System component reuse**, enabling faster design iterations.
- **Increased purchase conversion by 12%** through catalog redesign.
- **Conducted 40+ user interviews and usability tests**, identifying UX issues before development.

Wildberries

Product Designer
2021 - 2022| Moscow, Russia

- **Increased average order value (AOV) by 4%** through a multi-cart purchasing experience.
- **Reduced time to checkout by 8%** through search and navigation improvements.
- **Designed internal logistics tools** for 30,000+ employees, supporting operational workflows.

Creative Cult Agency

UX/UI Designer
2019 - 2021 | Moscow, Russia

- **Delivered 40+ end-to-end design projects** for clients in e-commerce, B2B services, and media — from concept to launch.

Freelance (Self employed)

Web Designer
2018 - 2019 | Krasnodar, Russia
